PROFESSIONAL SUMMARY

Frontend Developer with 5+ years of experience building responsive, scalable, and high-performing web applications. Specializes in **React.js**, **JavaScript (ES6+)**, **UI development**, and modern frontend ecosystems. Strong track record of delivering pixel-perfect interfaces, collaborating with cross-functional teams, and improving product quality and performance. Passionate about building clean UI/UX and optimized frontend architectures.

WORK EXPERIENCE

SingleInterface — Frontend Developer (2023–Present)

- Built reusable, scalable UI components using React.js & Tailwind CSS for enterprise-scale applications.
- Improved page performance, removing unused dependencies, and applying memoization.
- Collaborated closely with backend/APIs to deliver robust, production-quality dashboards.

Infinity Soft Systems — Software Engineer (Jan 2023 – Mar 2023)

- Built responsive UI screens using React.js, HTML5, CSS3, JavaScript (ES6+).
- Enhanced UX by implementing dynamic components and reusable patterns.
- Worked with REST APIs to build real-time, data-driven UI.

Meritto (NoPaperForms) — Developer (2020–2022)

- Developed landing pages with SEO optimization and high Lighthouse performance scores.
- Delivered mobile-first UI with pixel-perfect accuracy matching Figma/Adobe XD.
- Improved page load speed using optimized images, lazy loading, and minification.
